

Department : Chemistry (Day Stream)

Name of the Association : CHEMVAIBHAV '19

Write-up / Report :

The Department of Chemistry (Day Stream) inaugurated the CHEMVAIBHAV '19 (Shine the Crystals) on 30.09.2019 by conducting the various inter-departmental activities. The association of our department conducted CHEM JAM, CHEM ART, POT POURI, JACKPOT to bring out the knowledge of students in chemistry. The competition was focussed for connective intelligence of the students where the students correlated the clue pictures with the answers. It invoked the familiarity in chemistry. The winners were honoured.

2019-2020

Department of Chemistry conducted One Day National Level workshop and Hands on Training on 3D Printing in Chemistry on 21<sup>st</sup> January 2020 by Er. Raghul Shivakumar, Director, ShivPrema Project Consultant, Chennai. Professors and Students from various Colleges participated in the event. The highlight of the workshop is, it covered the in-depth knowledge of chemical reaction and process carried out in 3D printing technology. Students had a chance to see how the 3D printing works. The outcome of the workshop will provide internship opportunity for students to work in ShivPrema Project Consultant, Chennai for various industrial projects. E-Certificate of participation has been provided to all the students.
