e-INFORMATIK'17

Inter-departmental Competitions

The empowering inter-departmental **E-INFORMATIK**, was conducted by the Department of Computer Science on the 18th September, 2017 to identify and glorify talents and promote a sense of sisterhood among the students of various departments. Students from every department voraciously participated in the **T-shirt painting, E-Songs, 5-Thozzle, Spin a yarn and Paper Presentation** displaying their knowledge on today's technology and proving their capacity for creativity. The combined efforts of the organizers, participants and judges made the event a spectacular success.
