**ROTARY CLUB OF MADRAS**

**RID-3232**

**2020-2021 is the 5<sup>th</sup> year of RAC of SDNBVC with highest number of enrolled members. Our theme of the year is rise by lifting others with ideology of an ant and its swarm which never loses hope and no matter how small they still put in efforts and always show a helping hand and work as a team. We belong to group 3. Our club number is 215818. This year it was not just the board but also green rotaractors and general rotaractors who led and too part in projects which created a good interaction though it was a pandemic year running virtually. We did 61 projects for this year.**

### **JULY MONTH PROJECTS**

1. TITLE: O2 (in honour of amrita Devi and Piplantri villagers)

DATE: 26<sup>th</sup> June, ongoing project for the year

AVENUE OF SERVICE: community service

DESCRIPTION:

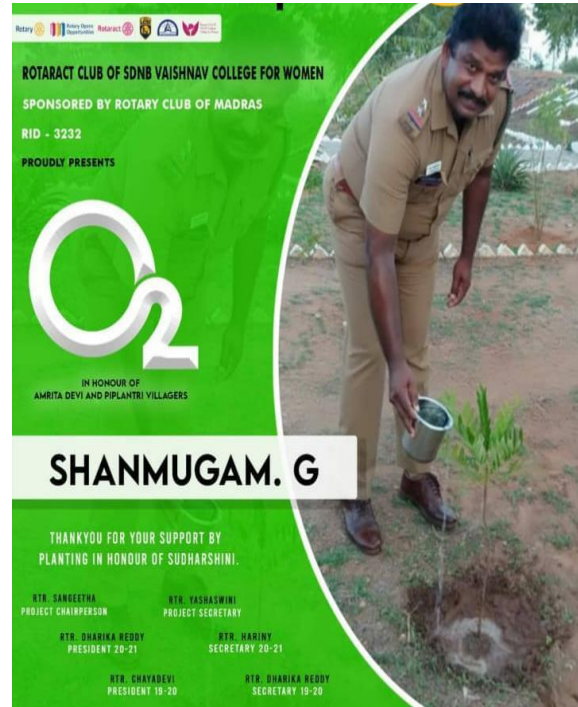

We started this project on 26<sup>th</sup> June and it's was an ongoing project for the year. In this project any male could plant a sapling by dedicating the plant in honour of a female in their life.

This idea was designed from 2 historic events

1. Piplantri is a village in Rajasthan which plants and worships 111 trees when a female infant is born
2. Amrita Devi and her 3 daughters sacrificed their lives with others to prevent trees from being chopped in vanmahotsav.

Till date 316 plants were planted by 298 men and 6374 women were honoured

We are provided e certificates for their participation.

4. TITLE:3R's -reduce reuse recycle

DATE: 08/09/2020

AVENUE OF SERVICES: COMMUNITY, CLUB

BENEFECIARIES:29

DESCRIPTION:

Small changes eventually add up to huge result in everything. So, to make a good change in the environment we took an initiative to reduce the things up to the need, reuse the things to make it better, recycle the things whichever we can. Do not save what is left after spending but spend what is left after saving. Yes, the same 3Rs which we studied in our schooling but how many of us follow it to keep yourself and your environment fly high?! Reuse the waste materials in order to control environmental pollution Reduce the plastics by using of cloth bags, jute bags, paper bags and Recycle the newspaper to street vendors just like how people use papers instead of plastics to cover and sell food. Earth does not belong to us;we belong to earth.
