

## **Department of MA HRM**

### **PROGRAMME SPECIFIC OUTCOMES (PSOs)**

- Impart the students with in-depth, critical understanding of contemporary and knowledge in the field of HRM.
- Equip the students to analyze the role of HR in supporting organizational strategy.
- Enable the students to evaluate the human resource programs in key functional areas.
- Enable practical exposure to the problem and opportunities of HRM through the two project studies one theoretical (organizational study ) and the other practical (problem centered study)
- Provides a strong emphasis on applying the knowledge in practical business environments, case studies, live projects and challenges.
- Understand the idea of applying HRM in the individual, team and in business.
