Subject: Permission to conduct Dell – Generation Inspiron Program at the college

Requested Sir/ Ma'am,

It gives me immense pleasure to inform you that Dell has created a platform for all the college students across top towns, to showcase their innovative thoughts & passion projects. We would like to host one event at your esteemed institution for all your students.

What is Generation Inspiron Program?

This generation leads the way in technology, in adapting changes, in understanding the new gadgets. They are the future, the torch bearers of change & adapt the new way of learning, even online learning in the lockdown. They are, in true way, the **PADHAI 2.0 GENERATION**. Dell wants to offer them something they really want - **A CHANCE TO DISCOVER THEIR PASSION!**

In this event, DELL gives all the students a platform to present their **PASSION PROJECT**. This project will encourage the students to work in teams and present their ideas to the world via social media platforms & to esteemed team of DELL. We are going to 8 cities and 60 different colleges for this program. One team (**maximum 5 members per team**) per City (7 such teams) will get **Laptop Accessories + Amazon Voucher & ONE team (maximum 5 members per team) across India gets Dell Inspiron Laptop for each team member at the Grand Finale** along with tremendous exposure on **radio and digital** for the winning project.

There is a challenge designed for all the other students as well, who may not participate in the program but can win either Dell T-shirt, cap or Amazon Voucher by purely showing their passion on the spot.

To be a part of this Program, the students will be given registration link where they will have to register themselves & their team to get a chance to share their passion project with the entire country. We are looking forward to your support in populating this link and encouraging the students to participate in the program.

We request you to give a suitable date and time for conducting the event at your college. We are confident that your students will make your institution proud by winning top positions in the Program.

With Regards,
