

Amcat-Report

AM CAT – Talent SWOC (Strength, Weakness, Opportunities, Challenges) Analysis and Assessment was held on 16th December 2022 in the Main Auditorium.

And the welcome speech was given by Harinil A.P, Union president, Students union

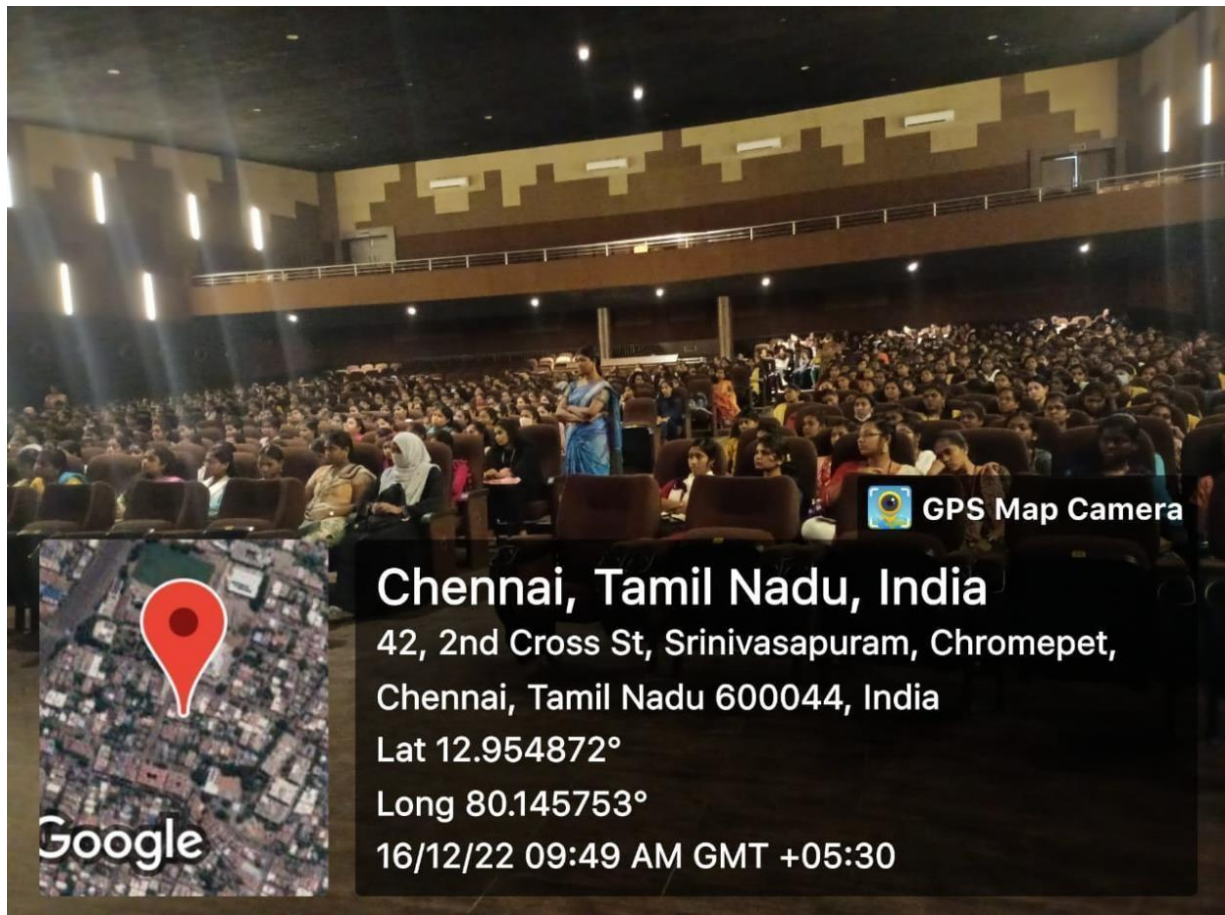

And the chief guest for the day is Dr.R.Geetha

AMCAT allows both companies and job applicants to solve this problem in a quick and efficient manner.

By having a standardized aptitude test (i.e. a common aptitude test taken by millions of candidates), scores can be quickly compared across multiple candidates allowing recruiters to quickly generate a shortlist of good candidates.

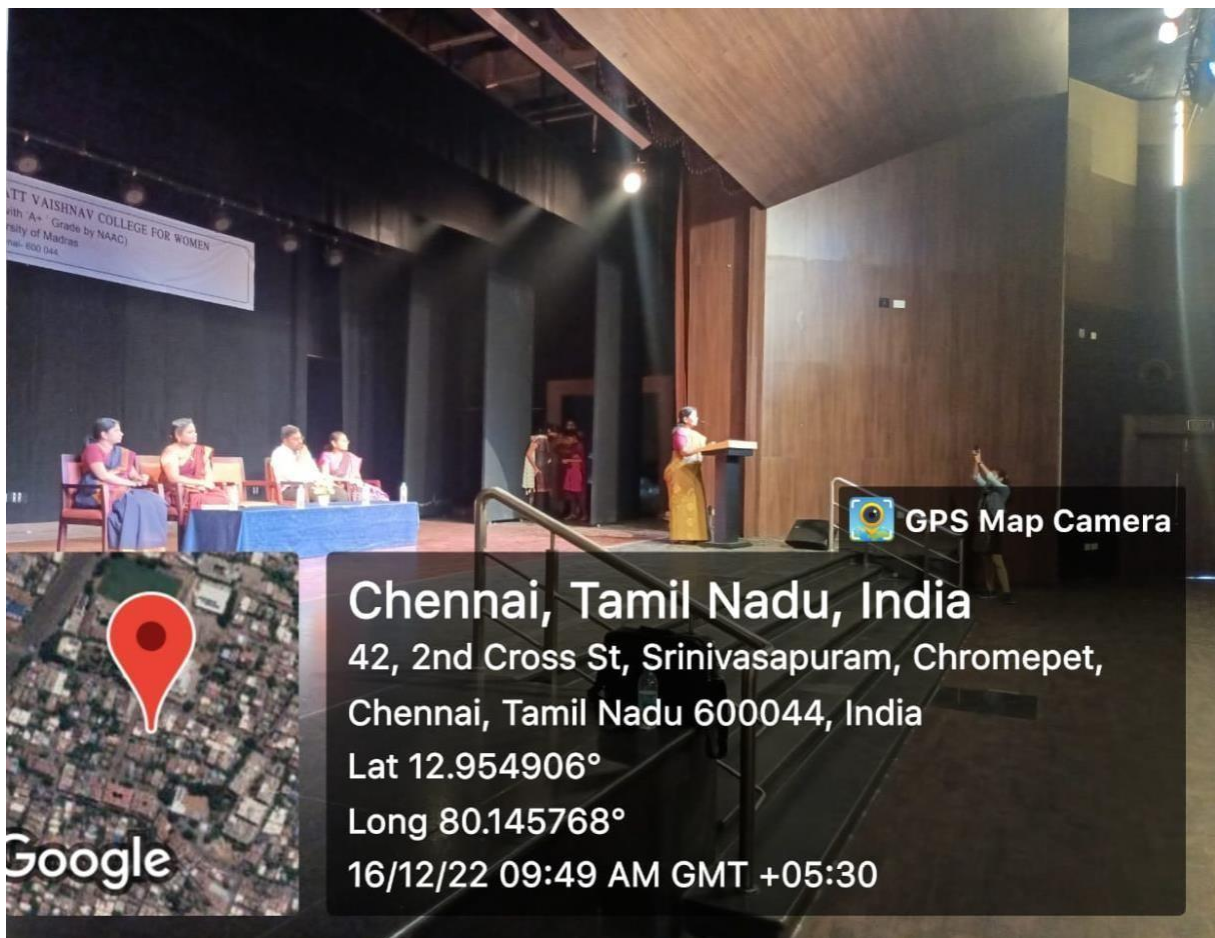

By performing well in the AMCAT, a good candidate can stand out amongst their peers.

AMCAT is inherently fair since every test taker is evaluated on same parameters. Hence hiring happens strictly on merit.

The AMCAT is a computer adaptive test which measures job applicants on critical areas like communication skills, logical reasoning, quantitative skills and job specific domain skills thus helping recruiters identify the suitability of a candidate.

While most aptitude tests only measure a test taker's verbal comprehension and reasoning abilities, the AMCAT additionally evaluates personality traits and domain skills, thus becoming an ideal test to match jobs to candidates.

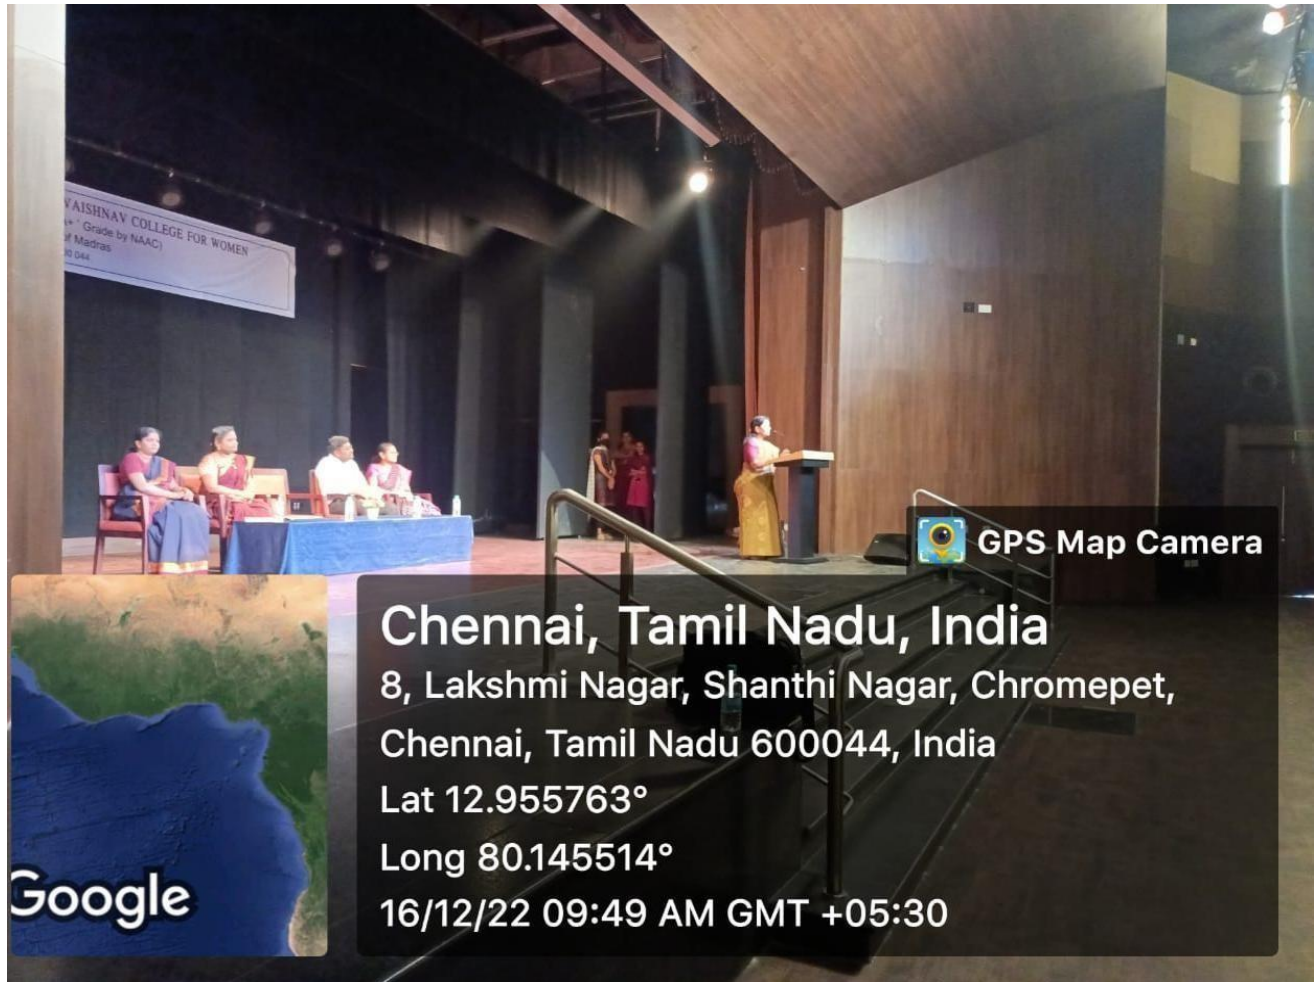

The AMCAT is fast emerging as an industry benchmark with 700+ companies using it as a compulsory testing mechanism for entry level roles. We work alongside industry leading names like Accenture, Snapdeal, Axis Bank, Tata Motors, ITC and many more. Our client list covers multiple industries like IT Services, Banking & Financial Services, Automobiles, Telecom etc.

There are thousands of small companies which are looking for good talent and provide great opportunities for growth. AMCAT works with more than 500 small and medium enterprises, helping you identify opportunities in companies which you would not typically approach. And the vote of thanks was given by secretary Lavanya. M

Some key numbers about the AMCAT:

- Since inception, more than 2 million students have successfully taken the AMCAT.
- Every month, more than 1.5 lakh interview calls go out based on a student's AMCAT score.

The Same session was repeated for the students of shift 2, with Madhumitha G of B. Sc. Computer Science hosted the session and delivered the vote of thanks. Totally around 1500+ students were benefitted from both session on the day.
