

EVENT REPORT – 2nd TED TALK

(AIDED STREAM)

15th February, 2023

The second ted talk was organized by SDNB Vaishnav College to motivate the students on 15th feb,2023. The topic this time was Out of the Box - Thinking by Subashri. A, III B.Sc. Chemistry. This session was conducted online via Google Meet. 10 students from each department from AIDED stream attended the talk and took inspiration.

Subashri A is the winner of Precise Energy Olympiad 2022 in the Chemistry category. She quoted "Don't change the things. Change the way you look at it" to explain the topic of the talk.

Out of the Box thinking is all about conceptualizing and approaching problems in novel and innovative means and understanding and analyzing your position in it. She explained about her achievement through the following pointers:

1. It doesn't matter where we are and what we are. All that matters is what we do.
2. Take up opportunities anytime anywhere however big or small it may be.
3. Try and fail but never fail to try.
4. Give your try always. One may not know when it might click.
5. Engage yourself in versatile activities for your brain activation.
6. Upgrade yourself in life.
7. You must be a better version of yourself from yesterday.

She had an interactive talk and students took inspiration from her achievement and pointers and the event was furnished with a formal vote of thanks .
