

DEPARTMENT OF NUTRITION FOOD SERVICE MANAGEMENT & DIETETICS

WORKSHOPS

- Department of Nutrition Food Service Management and Dietetics organized a one day workshop on “Kashmiri Embroidery”, on 22nd July 2019. Mr.Balkishan a resource person from Delhi taught students the exquisite art of Kashmiri Embroidery.

- A workshop was organized on, “Pattern Drafting for Beginners” on 30th August 2019. This workshop was conducted as a part of their course requirement for, “Fundamentals of Textiles”. Eminent professionals from the field, Mrs.Meena Srinivasan and Mrs.Deepa M, the Proprietors of Pick and Stitch Tailoring Unit, were the resource persons for the day.

- The “Heart Champ” workshop organized by the Department of Home Science on the 18th of September, 2019, was appertaining to, a small, intricate organ, one which works non-stop and pumps life with its every beat, the heart. Improper diet, lack of exercise, stress, smoking, could be some of the major causative factors for developing cardiovascular disease (CVD).

- Cardiovascular disease is on the rise and has become a global threat. In order to prevent or manage this condition, creating awareness among the population about the need to consume a healthy diet and being physically active becomes necessary. Heart Champ had addressed the multifaceted aspects of ensuring optimum heart health. The facilitators for the workshop were, Dr. Priya Chockalingam, Director; Vaishnav Natrajan, Chief Physiotherapist and S. Tharani, Chief Dietitian from the Cardiac Wellness Institute. As the famous saying goes, “Prevention is better than cure”, the subject matter for every session was based on ways by which CVD can be prevented and also about ways to become a champion of heart health.
- “Let thy food be thy medicine and medicine be thy food” is a famous quote by Hippocrates that emphasizes the importance of nutrition to prevent diseases. Increased awareness on the importance of lifestyle modification for disease prevention is on-demand as the world is now facing a renaissance of nutrition. With this need in mind, the Department of Nutrition Food Service Management and Dietetics had organized an invited talk on, “Role of Microorganisms in Prevention of Disease” on 28th January 2020.

The Chief Guest was Mrs. Maria Jenita Peter, Research Consultant and Visiting Faculty, Anna University. The talk emphasized the benefits of microbes and recent research studies on quorum sensing, food biopreservation and role of microbes in preventing cancer of Gastrointestinal tract. The highlight talk of the session was on the need of Prebiotics and Probiotics in enhancing the gut health.
