Affiliated to University of Madras - Re-Accredited with 'A+' Grade by NAAC,
Chromepet, Chennai - 600 044

ABOUT SDNBVC

The college was started in 1968 with the generous donation of 10 acres of land by our Late Founder Chairman Shri Nanalal Bhatt. The College stands in the name of our Late Founder Chairman's wife Shrimathi Devkunvar and it has efficiently rendered more than five decades of dedicated service to the cause of women's education in the then Kanchipuram district and the present district of Chengalpet. With 21 Undergraduate courses and 17 Postgraduate courses, the college aims to propel the cultural aesthetics with an equal weightage on rational and intellectual development.

ABOUT THE DEPARTMENT

The Post Graduate Department of English was initiated in the year 2013 and ever since its inception the department has been very keen in promoting literary and linguistic study among its scholars. With a wide range of papers offered addressing the voices of the subaltern, marginalised and postcolonial narratives, in addition to critical theory, the objective of the course lies in awakening the young scholars to the necessary adaptations of an evolutionary society.

ABOUT THE CONFERENCE

Posthumanism defines a new epoch in the literary sphere, seeking to look beyond the conditions of humanism that typically characterise the world, its events and the configuration of societies. It looks for narratives that include other than human voices that includes technology, animate and inanimate discourses that are non-human, innovations as well as events that decentralise human perception and accommodate alternative narratives. This emergent Posthuman sensibility rejects the idea of modern man as the centre of the universe as well as dominant narratives; simultaneously critiquing the concepts of species hierarchy and human exceptionalism. This conference looks forward to unravelling the areas concerning posthuman discourses through literature and other allied narratives and further explore the critical bounds that employ academic research in the field of posthumanism.
