IQAC ANNUAL REPORT 2024-2025

As part of quality enhancement and sustenance measure prescribed by the NAAC, the college established the Internal Quality Assurance Cell (IQAC) of the college in 2003. Right from the inception, IQAC has been an integral part in developing a system for conscious, consistent and catalytic improvement in the overall performance of the College. The IQAC is committed towards internalization and institutionalization of quality enhancement initiatives in higher education. It helps the institution in planning and monitoring. IQAC also gives stakeholders including Students, Teachers, Alumni, funding agencies and Community, a cross- sectional participation in the institution's quality enhancement activities.

The foundation of the IQAC has prompted the creation of new Cells like the Research Cell and the Institution Innovation Council (IIC). The IQAC has also started to create and use quality standards for the institution's academic and administrative operations. As a result, all departments conduct and complete their tasks in accordance with institutional policies. The number of research papers increased on the guidelines issued by the Research cell is overseen by IQAC. Trainings, Add-on Programmes, and Certification Programmes are valuable additions to teacher and student development. The IQAC has also introduced improved initiatives for creating a learning environment focusing on faculty development and high-quality instruction. With a focus on interactive teaching and learning processes, use of technology has expanded. The development of a RO plant and the digitalization of the college library were the results of measures taken to improve the institution's infrastructure. The institution is constantly and is consistently making steps to turn its weaknesses into strengths, in accordance with the IQAC.

Through need-based training initiatives, the College supports and encourages the capacity growth of its faculty. Organising Professional Development Programmes, Orientation/Induction Programmes, Refresher Courses, and Short-Term Courses are indispensable to maintain quality of teaching-learning process.
